## LOCATION

The site is located to the south of Common Hill on the western edge of the Wiltshire market town of Cricklade.

The town has a population of approximately 4,277 (2011 census) and provides a range of facilities, to include various independent and supermarket chain retailers along the high street, state and independent primary schools, leisure centre, town hall and public houses.

The town is located adjacent to the A417 connecting it to:

- Swindon - 5 miles
- Cirencester - 7 miles
- M4 Junction 15 - 11 miles
- Cheltenham/Gloucester/M4 Junction 11A – c. 22 miles

## DESCRIPTION

The site is relatively level and extends to approximately 3.48 acres and comprises paddock land and a block of stables – with direct access off Common Hill.

An Esso pipeline runs north/south through the site, with a 6m width wayleave. We understand that roads and services can cross the easement and that there are no HSE identified 'no build' zones constraining development surrounding the pipe/wayleave.

## PLANNING

It is estimated this site could come forward for development in the medium term, whether in isolation or as part of a wider scheme. The local planning authority is Wiltshire Council.

The site is located outside the Settlement Boundary, but is otherwise located outside of Green Belt, AONB and land at risk of flooding. Cricklade is considered to be within the Cotswold Water Park but we do not understand this site to fall within the designated SSSI area.

In March 2020, Wiltshire Council conceded through a Statement of Common Ground that it only has between 4.42 and 4.63 years' housing supply, equating to a shortfall of 809-1,234 dwellings.

## VIEWING

The site can be viewed from the public highway.
